***Strange Highways* is a brilliant collection of dark and suspense-filled short stories from the international bestselling author Dean Koontz. Perfect for fans of Stephen King and Richard Laymon.**

One rain-swept Sunday night when he was twenty years old, on his way back to college after a weekend with his family, Joey Shannon took the wrong highway - and from that moment, nothing ever went right for him again.

Now, exactly twenty years later, on another rain-swept night, Joey finds himself at the same crossroads, looking down the road never taken. Which is odd. Because that road no longer exists. A superhighway replaced it nearly twenty years ago, and the old state route - which had crossed a web of perpetually burning, abandoned coal mines - was condemned

as too dangerous and was torn up. But now the highway is exactly as it was on that long-ago night, and when Joey turns on to it, he begins an eerie, terrifying journey toward a truth so dark and stunning that it will change everything he believes about himself, his past, and the nature of life...

The first of thirteen short stories sets the pace for a thrilling read.
