Descargar libro en línea PDF epub mobi Español Sur Ernest Shackleton , Sur es la historia del viaje más importante de Sir Ernest Shackleton, narrada por él mismo: la Expedición Imperial Transantártica. Sintiendo que el orgullo de su patria, Gran Bretaña, estaba perdido al no haber sido el primer país en alcanzar el Polo Sur geográfico —el noruego Roald Amundsen lo había conquistado en 1911—, Shackleton planificó un nuevo viaje con grandes ambiciones. No sólo se proponía llegar al Polo Sur, sino que soñaba con atravesar a pie el vasto continente blanco, desde el mar de Weddell hasta el mar de Ross, una distancia total de 2900 kilómetros.

En los albores de la Primera Guerra Mundial, en 1914, zarpó la expedición a bordo del Endurance. Las condiciones climáticas ese año fueron más rigurosas que nunca, y su poderoso barco quedó atrapado en la inconmensurable presión de los packs de hielo. Sin poder hacer nada para salvarlo, los valientes tripulantes debieron abandonarlo y verlo morir aplastado en el abrazo implacable de las grandes masas heladas.

Desde ese momento, Shackleton y sus hombres debieron luchar contra el clima hostil y resolver la forma de ser rescatados lo antes posible. Shackleton dio significativas muestras de coraje y de resolución al enfrentarse a hazañas tan peligrosas como la navegación de un mar embravecido con un pequeño bote de siete metros de eslora y a la marcha ininterrumpida de 36 horas a través de las amenazantes montañas y glaciares de la isla Georgia del Sur.

Sur no es una simple crónica; este libro es el testimonio de una de las más grandes historias de supervivencia de todos los tiempos.

Descargar libro en línea PDF epub mobi Español Sur Ernest Shackleton , The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **sur** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realise your sur so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature til you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way. By ignoring your digital product manual and not reading it, you limit yourself in taking advantage of your product's features. When you have lost your owner's manual, look at product instructions for downloadable manuals in PDF

sur are a good way to achieve details about operating certain products. Many products that you buy can be obtained using instruction manuals. These user guides are clearly built to give step-by-step information about how you ought to go ahead in operating certain equipments. A handbook is really a user's guide to operating the equipments. Should you lose your best guide or even the product would not provide an instructions, you can easily obtain one on the net. You can search for the manual of your choice online. Here, it is possible to work with google to browse through the available user guide and find the main one you'll need. On the net, you'll be able to discover the manual that you might want with great ease and simplicity
